

BOOK-O-METER book marker

three-page
version

eight-page
version

decorative version

Encourage your students to read.

Hang the colorful Book-O-Meter in a prominent place in your classroom or school. (It's available on this site in a smaller three-page version or a larger eight-page version.)

Tape the pieces of the Book-O-Meter together, with the smaller numbers at the bottom and your goal number at the top.

As your students read enough pages to climb up the chart, use the

book markers on this page to mark their reading progress.

The smallest book on this page is designed for the three-page version of the Book-O-Meter. The middle one is best for the eight-page version. Use the largest one for your students to color and cut out to represent the books they read. Put them up in your classroom to measure pages for every student in your class.
